In this respect, the ABC of eyes is excellent; the authors have obviously spent a great deal of time and energy to back up virtually every point with a high-quality diagram or photograph. We suspect that this is probably the reason for the price, but the content still makes it of good value.

[Eye on L.A. - Episodes - IMDb](#)

Uveitis (pronounced you-vee-EYE-tis) is inflammation of the uvea — the middle layer of the eye that consists of the iris, ciliary body and choroid.. Uveitis can have many causes, including eye injury and inflammatory diseases. Exposure to toxic chemicals such as pesticides and acids used in manufacturing processes also can cause uveitis.

Today, Refresh Lubricant Eye Drops (Allergan) continue to include this. Still, Dr. Pflugfelder has other patients who prefer Celluvisc (Allergan), which contains 1% carboxymethylcellulose and that, he noted, could be the most viscous tear. "Patients think that it hangs around in their eye, and it makes them feel better," he said.
