I bought the ACS book, but would like to have some kind of sample exam or anything close relating to their style of exams. I ask this because I already took the ACS General Chemistry example, and i felt the study book was completely different from the actual exam that I took. I really need to score high about the 80th percentile.

Honestly our prof gave us a practice ACS from an old version and I got like 37/70. Then I proceeded to study from the ACS exam prep book for 1-2 hours a day then took the ACS the next week and scored a 52/70 (around 75%ish) and then with the curve I ended with like a 95% on the test, which our prof also said if we did better on the final, she would replace our lowest test with the ACS (which ...
