I have started using some of my manual focus Nikkors again - on a Nikon D200 and D300. I very quickly realized that I cannot rely on focusing using the image on the viewfinder screen - but that I can trust the focus indicator light (I did tests with all my lenses mounted on a tripod and had a 50:50 chance to get the focus right when relying on the image on the screen, and a 95+% when using the ...
